Weight of a Dead God.

Any creature that starts its turn within 15 ft. gains 1 Grave-Weight (no save).

Failing Divinity.

When first reduced to 0 HP, it does not die — it enters The Weeping Heart (Phase 3).

Phases.

P1 Slumbering God (350–234) · P2 Waking Wrath (234–0): crown ignites, +1 legendary action, speed 50 · P3 Weeping Heart: body kneels, destroy the exposed Heart-Core (AC 17, 90 HP).

◆ GRAVE-WEIGHT (signature)

A stacking curse (0–5). Many attacks and the arena apply 1 stack.

Each stack: –5 ft. speed and –1 to attacks and saves (cumulative).

At 5 (Interred): prone & restrained. Move 20+ ft. in a turn to shed 1 stack; a short rest clears all.

ACTIONS

Multiattack.

One Slam and one Sunder (may swap for Crown of Ash in P2+).

Slam. +13, reach 15 ft.

27 (4d8+8) bludgeoning; target gains 1 Grave-Weight.

Sunder. +13, reach 20 ft.

22 (3d8+8) bludgeoning; DC 19 STR save or prone + 1 Grave-Weight.

Crown of Ash (P2, Rech. 5–6).

40-ft. cone, DC 18 DEX: 45 (10d8) radiant + 2 Grave-Weight (half & 1 on save).

Falling Reliquary.

Top damager: DC 17 WIS or gain 1 Grave-Weight.

THE REVEAL (read aloud)

The crown has not gone out in a thousand years. Beneath it, the stone face does not know you are there — does not know the war it lost, the god it was, the death it never noticed. It only knows the weight. And now, so will you.

THE THREE PHASES

I • The Slumbering God (350-234 HP).

Ponderous. Slam and Sunder. The Grave-Weight aura is 20 ft. It has not yet fully woken — give the party a moment to feel small.

II • The Waking Wrath (234-0 HP).

At 234 HP it rises: the crown ignites, molten cracks open. It gains Crown of Ash and a 3rd legendary action; speed becomes 50 ft. The fight opens up.

III • The Weeping Heart.

When the body drops to 0 it kneels — Interred and inert — and its chest splits, baring the Heart-Core (AC 17, 90 HP). Destroy the Heart to end the god. The body still triggers Lair Actions. A sprint to the finish.

RUNNING THE FIGHT

The tell.

The crown brightens the round before Crown of Ash. Telegraph it; reward players who spread out and keep moving.

Grave-Weight is the clock.

It punishes standing still. The arena is huge on purpose — fight around the god. Melee heroes need an exit plan; casters should keep the party mobile.

The heart of it (literally).

Phase 3 is emotional: the god finally stops fighting and simply grieves as it dies. Let the table feel it.
